

# How to find us at Kangaroo Point

Once you arrive at the Kangaroo Point Cliff you need to make your way to large Jacaranda tree below the cliffs. It is very close to the southern end of the cliff face. See above in Red. If you come down the stairs near the stone gazebo lookout (the one always on TV news) at the bottom of the stairs turn right and it is about 100m.

We will be set up with our banner so we stand out as a meeting point, staff will also be wearing bright green shirts, if unsure make yourself known to one of them and they will point you in the right direction.

Please aim to arrive 10 minutes prior to your activity start time.
